OVERVIEW

Power Connection is a devotional framework designed to help believers strengthen their daily relationship with God through intentional time in His presence. This framework guides participants through a structured yet deeply personal rhythm of worship, prayer, Word, meditation, reflection, and application.

Each morning, we gather as agroup to connect with God's power—drawing closer through heartfelt worship, honest prayer, revelation from His Word, and reflection that transforms how we live. This guide is meant to help you not only follow along during the set week but also continue this lifestyle of connection long after it ends.
